

## The VNA Foundation of Greater North Penn

### *2018 Fall Grants Available for Nonprofits to Build Local Capacity*

The VNA Foundation of Greater North Penn provides a spring and a fall grant cycle each year to support local nonprofit organizations which strengthen lives along a continuum of need, thus building stronger and healthier communities in this region for generations to come.

Each Fall, the VNA Foundation provides up to \$10,000 to local nonprofit partners serving the North Penn community, in order to strengthen the capacity of these local organizations. Since the VNA Foundation Board has committed itself toward strengthening those nonprofits which may need to build operational, programmatic, financial, or planning capacity within their organizations, the 2018 Fall Grant cycle will focus on awarding funds to **nonprofits serving the North Penn region** of Montgomery County which may seek capacity-building grants to more effectively and efficiently fulfill their mission. Applications will be considered only if there is a primary focus on serving the North Penn region (North Penn, Souderton, and Wissahickon School Districts, as well as Worcester Twp).

Up to \$10,000 will be available to each successful, qualifying nonprofit organization applying to build the capacity of their organization within areas such as the following:

- Mission, Vision, Strategic and Business Planning
- Governance and Leadership Training and Development
- Risk Management and Program Evaluation
- Strategic Restructuring and Coalition Building Within the Community
- Fund Development Opportunities
- Technology Improvements
